

## Biography

Dear Doctor,

I am pleased to introduce myself to you; my name is Walied Touni

I am married and have twin daughters who are collage students now

I am an Orthodontist since 2014, and a Diplomat of the American Board of Orthodontics since 2015

- I was born and raised in Cairo Egypt, lived my childhood in the beautiful, quiet suburb of Maadi by the River Nile south of Cairo
- At Maadi, I attended elementary, middle and high schools then I completed my high school diploma which is equivalent to college education at London University with “A” grades in physics and chemistry my favorite subjects.
- I completed Preliminary Science education at Cairo University and completed my dental education at same University dental school in 1994 where I graduated with BDS a bachelor’s degree in dental surgery with honors, I completed my postgraduate training in General Practice Residency and in Prosthodontics in 1998. Then I left Egypt to come to USA end in 1998 and became licensed dentist in the state of CA end of 1999,
- Started my family in Southern California and moved again seeking knowledge AT UOP back in 2002 when I joined the Craniofacial development and genetics lab at the school
- I started my 1<sup>st</sup> private general dental practice in San Jose from 2003 to 2010, I have sold my private practice to continue my quest of knowledge, applied for orthodontic residency and joined Orthodontic residency program at UOP back in 2012, graduated September 2014
- I started my own Orthodontic practice in Sunnyvale, California, March 2016.
- I love to spend my spare time in activities with my family, I love to play all kind of racket sport: tennis, Squash and occasionally Racket ball on the beach

- I love watching soccer and recently learned more about football which I like to watch as well
- My Vision, Goal  
*To provide the best possible care to all my patients, to treat them like family members through sincere communication, continuous education in every visit*
- Type of practice that I have is:  
*Friendly and dynamic practice that takes the care and the attention to each patient on an individual level, with an appreciation to the advancing science and art of Orthodontics*
- What I can contribute to my practice, my staff are:  
*Education, being a dental board of California provider for the Orthodontics assistant program, I train my staff personally*  
*I like to empower them to be proud of the great profession of Orthodontics by allowing them to attend annual conferences and mingle with the orthodontic community as much as possible*
- Type of cases that I like treating
  - 1- *Phase I (Interceptive orthodontics)*
  - 2- *Surgical Orthodontics*
  - 3- *Special demand aesthetic cases*
  - 4- *Multidisciplinary cases ( as with adult missing multiple teeth, requiring multidisciplinary approach)*
- What I would be utilizing in my practice as needed, available to each case:  
*Self-Ligating brackets, Twin brackets (either 18" or 22" slots) , Invisalign, TAD system, Soft tissue laser, Self-legating brackets systems (Pitts 21, H4, Empower,*

*Innovation-C, R), Herbst , Twin block, Head gears, RPE, Face Mask, Lower  
Lingual Arches, Wilson's arches, Quad helix, Propel.*

*Diagnosis and treatment planning: trained to use Cone Beam C.T, and VTO in  
treatment planning and presentations to patient*

Sincerely yours

Walied A. Touni.
